SONICBOOM ReCO2 – The Next-Level CO2 Jet Simulator

Adelaide Starlight Entertainment introduces the SONICBOOM ReCO2, a next-generation CO2 jet simulator that redefines live event effects. Building on the proven SONICBOOM platform, the ReCO2 adds a high-speed turbofan, delivering blast speeds on par with traditional CO2 jets—and with an even more powerful output reaching up to 15m.

Designed for efficiency and versatility, the ReCO2's 5 L built-in tank can generate continuous smoke columns for up to 10 minutes, the equivalent of 15 standard CO2 gas bottles. Its compact design also reduces the CO2 required, making it easier to transport, set up, and operate.

Unlike conventional jets, the ReCO2 can be deployed in any orientation—upright, upside-down, or angled—allowing creative effects and dynamic positioning for unique stage visuals.

Integrated 30 × 9W LEDs illuminate the smoke columns with vibrant, colourful effects, adding an extra layer of spectacle for concerts, corporate events, weddings, and large-scale productions.

The SONICBOOM ReCO2 combines power, flexibility, and visual impact, offering event professionals a reliable and innovative tool for unforgettable audience experiences.

Elevate Your Event with Our 360 Video Booth Experience

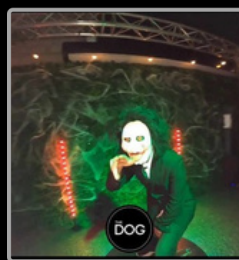

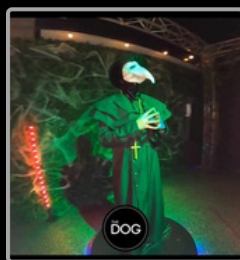

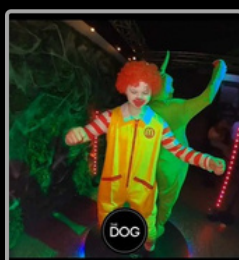

Transform your event into an unforgettable experience with our 360 Video Booth, designed to capture every moment in stunning detail. Whether it's a corporate celebration, wedding, or party, this interactive platform offers a new level of entertainment that your guests will love.

Panoramic Capture & Maximum Fun Our 360 Video Booth features the largest platform in the industry. The expansive 1.2m platform allows more guests to join in the fun at once, ensuring that more people can take part in creating lasting memories together. Equipped with cutting-edge GoPro technology and the best triangle light on the market, the camera spins around guests seamlessly, capturing each video with exceptional clarity. The high-quality triangle light ensures the best video results regardless of the ambient room lighting. To ensure maximum fun, guests can choose from up to four video recording options, ensuring there's something to please everyone.

Instant Gratification & Sharing Guests can instantly view their videos at our iPad POS station, where they can SMS, AirDrop, or email the videos to themselves for immediate sharing, adding an exciting, interactive element to your event.

Tailored to Your Event Each booking is fully customizable to reflect your event's unique style. We create custom video overlays inspired by your event invitation, logo, or artwork provided. This overlay design then influences the custom branding for the POS station, SMS, email, and AirDrop sharing options. We further customise your event's colour scheme with our Freedom Stick Lighting and LED strip lights around the base of the platform. A props table with quality props is also included for added fun, giving your guests even more ways to get creative!

Post-Event Delivery Within 48 hours of your event, we send all video files to the event organiser for sharing, archiving, or future promotional use.

Create a Stunning Visual Experience with the Photo Mosaic Wall

The Photo Mosaic Wall is an engaging addition to your event, transforming live event photos into captivating digital and physical mosaics in real-time. The software automatically collects photos from a variety of sources, including our on-site photo booths, a photographer's camera, Instagram, and more, ensuring every moment is captured.

Guests can interact with the mosaic as it comes together, creating a unique visual experience. When viewed from up close, individual photos can be seen, while from a distance, the full mosaic image is revealed, offering a dynamic and immersive effect.

Key Features:

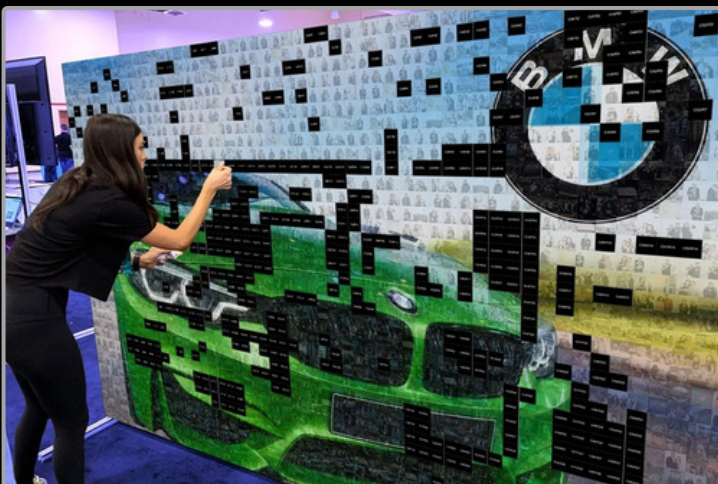

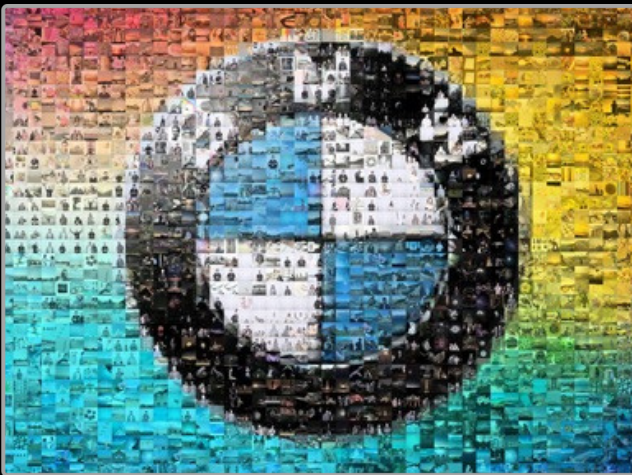

Live Photo Integration: Photos are automatically fetched from on-site photo booths, event photographers, Instagram, and more, adding instant excitement as the mosaic forms.

Interactive Physical Setup: In this setup, photos are printed as stickers and guests can place them on the mosaic board, engaging directly in creating the artwork.

Dynamic Digital Setup: For a digital setup, the mosaic is projected (via a projector), displayed on a large-screen TV, or shared globally through a web link. Photos transition seamlessly into place with stunning 3D effects, offering a visually striking experience.

Real-Time Updates: The mosaic is updated in real-time, allowing guests to see their photos become part of the bigger picture as the event progresses.

Stunning Event Keepsake: The end result is a beautiful, unique mosaic of photos from your event, a perfect keepsake that captures the energy and memories of the day. Whether displayed at a wedding, corporate event, or any celebration, the Photo Mosaic Wall provides a fun, interactive way for guests to be part of the event's visual story.

Welcome to Your Ultimate Bubble House Experience

The Inflatable Balloon Dome is the hottest new kids party trend, and we have it just for you! Imagine a magical space where children's dreams come true—a unique blend of a traditional bubble house and the whimsical charm of a jumping castle. Our bubble houses come in two exciting options: the regular version and the innovative inflatable base option.

Each bubble house measures 5-meters long with a spacious 3-meter round dome and a welcoming 2.5-meter entrance tunnel, all designed in elegant white and crystal-clear materials. The experience inside is made even more enchanting with 50 complimentary balloons floating gracefully within the dome. For those seeking extra flair, an optional Balloon Entrance Garland or a Premium Balloon Display, meticulously crafted to match your theme, can be added to create a stunning visual spectacle.

Safety is our top priority. A dedicated attendant is always on hand to ensure children safely enter and exit the bubble house. Similar to a balloon, the structure maintains its shape through internal air pressure. To maintain safety and comfort, we allow only one zip open at a time, ensuring pressure stabilization before entering the dome. Inside, the balloons swirl like bubbles, creating an atmosphere of wonder and joy, powered by our efficient blower system.

For outdoor events where power access is limited, we offer the convenience of a generator rental. Our bubble houses comfortably accommodate both children and adults, making them perfect for birthday parties, celebrations, and memorable gatherings of all kinds.

Adelaide Starlight Entertainment offers exceptional products and experiences for individuals and businesses who aim to be environmentally responsible.

We take a proactive approach to reducing waste by recycling materials at local recycling centres and repurposing items whenever possible. For hard-to-recycle items that cannot be repurposed or locally recycled, we have found a solution by using TerraCycle®'s Zero Waste Box™. Once we fill a box it is sent to TerraCycle® where they sort and break down the items into raw materials, and then send them to be transformed into new products. These end products may include outdoor furniture and decking, plastic shipping pallets, watering cans, storage containers and bins, tubes for construction applications, flooring tiles, playground surface covers, athletic fields, and more!

By working with us, you can enjoy a memorable event while knowing that you are doing your part to protect the sustainability of our environment.
